- (b) [The lease may be extended if the board finds that there is a likelihood of oil, gas, sulphur, or other minerals being discovered by the lessees, and that the lessees have proceeded with diligence to protect the interest of the state.] If oil, gas, sulphur, or other minerals are being produced in paying quantities from the premises, the lease shall continue in force and effect as long as the oil, gas, sulphur, or other minerals are being so produced. No extension may be made by the board until the last 30 days of the original term of the lease.

(a) If during the term of a lease issued under the provisions of this subchapter the lessee is engaged in actual drilling operations for the discovery of oil, gas, sulphur, or other minerals, no rentals shall be payable as to the tract on which the operations are being conducted as long as the operations are proceeding in a good and workmanlike manner in a good faith attempt to produce oil, gas, sulphur, or other minerals from the well [faith].

- (b) In the event oil, gas, sulphur, or other minerals are discovered in paying quantities on any tract of land covered by a lease, then the lease as to that tract shall remain in force as long as oil, gas, sulphur, or other minerals are produced in paying quantities from the tract.
- (c) In the event of the discovery of oil, gas, sulphur, or other minerals on any tract covered by a lease or on any land adjoining the tract, the lessee shall conduct such operations as may be necessary to prevent drainage from the tract covered by the lease to properly develop the same to the extent that a reasonably prudent *individual* [man] would do under the same and similar circumstances.
- Sec. 109.164 [109.74]. TITLE TO RIGHTS PURCHASED; ASSIGNMENT; RELINQUISHMENT. (a) Title to all rights purchased may be held by the lessee [owners] as long as the area produces oil, gas, sulphur, or other minerals in paying quantities.
- (b) All rights purchased may be assigned. All assignments shall be filed in the general land office as prescribed by rule, accompanied by 10 cents per acre for each acre assigned and the filing fee as prescribed by rule. An assignment shall not be effective unless filed as required by rule.
- (c) All rights to all or any part of a leased tract may be released to the state at any time by recording a release instrument in the county or counties in which the tract is located. Releases shall also be filed with the chairman of the board and the general land office, accompanied by the filing fee prescribed by rule. A release shall not relieve the lessee [owner] of any obligations or liabilities incurred prior to the release.
- (d) The board shall authorize any required infrastructure, including [the laying of pipeline and telephone line and] the opening of roads deemed reasonably necessary in carrying out the purposes of this subchapter.
- Sec. 109.165 [109.75]. PAYMENT OF ROYALTIES; RECORDS; REPORT OF RECEIPTS. (a) If oil, gas, or other minerals are developed on any of the lands leased by the board, the royalty as stipulated in the sale shall be paid to the general land office in Austin on or before the last day of each month for the preceding month during the life of the rights purchased. The royalty payments shall be set aside as specified in Section 109.151 [109.61] and used as provided in that section.
- (b) The royalty paid to the general land office shall be accompanied by the sworn statement of the *lessee* [owner], manager, or other authorized agent showing the gross amount of oil, gas, sulphur, or other minerals produced and sold off the premises and the market value of the minerals, together with a copy of all daily gauges, or vats, tanks, gas meter readings, pipeline receipts, gas line receipts, and other checks and memoranda of the amounts produced and put into pipelines, vats, tanks, or pool and gas lines or gas

The books and accounts, receipts and discharges of all wells, tanks, vats, pools, meters, and pipelines, and all contracts and other records pertaining to the production, transportation, sale, and marketing of the oil, gas, sulphur, or other minerals shall at all times be subject to inspection and examination by any member of the board or any duly authorized representative of the board.

- (c) The commissioner of the general land office shall tender to the board on or before the 10th day of each month a report of all receipts that are collected from the lease or sale of oil, gas, sulphur, or other minerals and that are deposited in the special fund as provided by Section 109.151 [109.61] during the preceding month.
- Sec. 109.166 [109.76]. PROTECTION FROM DRAINAGE; FORFEITURE OF RIGHTS. (a) In every case where the area in which oil, gas, sulphur, or other minerals sold is contiguous or adjacent to lands which are not lands belonging to and held by the university, the acceptance of the bid and the sale made thereby shall constitute an obligation of the lessee [owner] to adequately protect the land leased from drainage from the adjacent lands to the extent that a reasonably prudent operator would do under the same and similar circumstances.
- (b) In cases where the area in which the oil, gas, sulphur, or other minerals sold is contiguous to other lands belonging to and held by the university which have been leased or sold at a lesser royalty, the *lessee* [owner] shall protect the land from drainage from the lands leased or sold for a lesser royalty.
- (c) On failure to protect the land from drainage as provided in this section, the sale and all rights acquired may be forfeited by the board in the manner provided in Section 109.167 [109.77 of this code] for forfeitures.

Sec. 109.167 [109.77]. FORFEITURE AND OTHER REMEDIES; LIENS. (a) Leases granted under the provisions of this chapter are subject to forfeiture by the board by an order entered in the minutes of the board reciting the acts or omissions constituting a default and declaring a forfeiture.

- (b) Any of the following acts or omissions constitutes a default:

- (2) the making of a false return or false report concerning production, royalty, drilling, or mining by the lessee [owner] or the lessee's [his] authorized agent;
- (3) the failure or refusal of the *lessee* [owner] or the *lessee*'s [his] agent to drill an offset well or wells in good faith, as required by the lease;
- (4) the refusal of the *lessee* [owner] or *the lessee*'s [his] agent to allow the proper authorities access to the records and other data pertaining to the operations authorized in this subchapter;
- (5) the failure or refusal of the lessee [owner] or the lessee's [his] authorized agent to give correct information to the proper authorities, or to furnish the log of any well within 30 days after production is found in paying quantities; or
  - (6) the violation by the lessee [owner] of any material term of the lease.
- (c) The board may, if it so desires, have suit for forfeiture instituted through the attorney general.
- (d) On proper showing by the forfeiting *lessee* [owner] within 30 days after the declaration of forfeiture, the lease may be reinstated at the discretion of the board and upon terms prescribed by the board.
- (e) In case of violation by the *lessee* [owner] of the lease contract, the remedy of forfeiture shall not be the exclusive remedy, and the state may institute suit for damages or specific performance or both.
- (f) The state shall have a first lien on oil, gas, sulphur, or other minerals produced or that may be produced in the leased area, and on all rigs, tanks, vats, pipelines, telephone lines, and machinery and appliances used in the production and handling of oil, gas, sulphur, or other minerals produced, to secure the amount due from the lessee [owner of

the lease].

Sec. 109.168 [109.78]. FILING OF DOCUMENTS AND PAYMENT OF ROYALTIES, FEES, AND RENTALS. (a) All surveys, files, copies of sale and lease contracts, and other records pertaining to the sales and leases authorized in this subchapter shall be filed in the general land office and shall constitute archives.

(b) Payment of all royalties, lease fees, rentals for delay in drilling or mining, filing fees for assignments and relinquishments, and all other payments shall be made to the commissioner of the general land office at Austin. The commissioner shall transmit all payments received to the board for deposit to the credit of the Texas Tech University special mineral fund as provided by Section 109.151 [109.61].

Sec. 109.169 [109.79]. FORMS, REGULATIONS, RULES, AND CONTRACTS. The board shall adopt proper forms, regulations, rules, and contracts which, in its judgment, will protect the income from lands leased pursuant to this subchapter.

Sec. 109.170 [109.80]. MANAGEMENT OF SURFACE AND MINERAL ESTATES. (a) The board may lease for oil, gas, sulphur, ore, water, and other mineral development all land under its exclusive control for the use of the university. The board may make and enter into pooling agreements, division orders, or other contracts necessary in the management and development of its land.

- (b) All leases, pooling agreements, division orders, or other contracts entered into by the board shall be on terms that the board considers in the best interest of the university. The board may not sell a lease for less than the royalty and rental terms demanded at that time by the General Land Office in connection with the sale of oil, gas, and other mineral leases of the public lands of this state.
- (c) All money received under the leases and contracts executed for the management and development of the land, except revenue pledged to the payment of revenue bonds or notes, shall be deposited to the credit of a special fund created by the board. The board shall designate a depository for the special fund and protect the money deposited in it by the pledging of assets of the depository in the same manner as is required for the protection of public funds. Money deposited in the special fund may be used by the board for the administration of the university, for payment of principal of and interest on revenue bonds or notes issued by the board, and for any other purpose that in the judgment of the board may be for the good of the university.
